Commercial program for small and medium-sized businesses

Alcatel-Lucent
Enterprise 

Turn your Alcatel-Lucent OmniPCX® Office into a connected solution

Our world is undergoing major changes. **Teleworking is becoming** more widespread and **communications solutions** to ensure **business continuity** are more vital than ever. The Small and Medium-sized Businesses (SMBs) of tomorrow must be **connected** and **resilient** to provide **customer satisfaction** in any situation. So how do you ensure that mobile, remote and onsite employees **stay in touch at all times** to deliver the quality of service that customers expect?

Replacing OmniPCX Office with Alcatel-Lucent OXO Connect Evolution lets your customers successfully handle all incoming calls and requests from anywhere.

OXO Connect Evolution: Proximity through digital technology

1

Homeworking: Simplify communications wherever you are with Alcatel-Lucent Rainbow™

Communicate from a **desktop phone**, **mobile phone** or **computer** with the Rainbow app.

Keep a **unique number** for your mobile office to make it easier for contacts to get in touch.

See who is available or on the phone, and make a call with just a click.

2

Efficient: Maximize appointments with HD voice and video

Organize **video conferences** with customers, business partners and remote colleagues with just a few clicks.

Use video, **screen** and file **sharing** to maximize communications.

Enrich your communications with **CRM** connectors to respond quickly and efficiently to your customers.

3

Connected: Opt for 100% digital economical, reliable, and secure communications

Prepare for PSTN shutdown and **reduce** communication **costs** with all-IP communications.

Secure business communications with **updates**, and **monitoring from the cloud**.

Protect your **data**: our cloud solution is developed and **hosted in France** and ISO 27001 certified.

To help Partners transform their OmniPCX Office, Alcatel-Lucent Enterprise has created a winning business offer:
