

Polycom® VVX® Business Media Phones, Skype for Business Edition

Ready to install with Office 365 and Skype for Business—right out of the box

The Polycom® VVX® series business media phones deliver the industries’ best audio experience with Polycom® HD Voice™, next generation echo cancellation and award winning Polycom® Acoustic Fence™ background noise cancelling technology. With 5 major software releases of ongoing Skype for Business and Microsoft Lync feature development on VVX phones to date, no other vendor matches Polycom’s user experience and range of features in Microsoft UC environments. Add Office 365 Cloud PBX services support powered by Skype for Business Online (with Polycom UC Software 5.4.0A) and you can see why customers turn to Polycom for deployment flexibility, investment protection, ongoing innovation, and voice clarity that is 2-4 time better than ordinary phones. Polycom offers specific order codes for VVX phones that makes installing with Microsoft easy. The Skype for Business Edition VVX phones come ready to install with Office 365 and Skype for Business right out of the box. These phones also include the required Polycom UC Software license that would otherwise need to be ordered separately. Skype for Business Edition order codes for Polycom® RealPresence Trio™ are also available for customers who need a solution for group collaboration in huddle rooms and conference rooms.

VVX feature advantages

The “Skype for Business Edition” VVX phones deliver over 80 features—surpassing the number of features available on the Polycom CX series phones (CX500, CX600). Some of the important features on the VVX phones that are not on Polycom CX series phones include:

Boss/Admin	Touch Screen Interface (VVX 500/600)
Group Paging	USB Headset Support (VVX 500/600)
Intercom	Bluetooth Headset Support (VVX 600)
Selectively Restrict Features (i.e. lobby phones)	Custom Applications and Backgrounds
Customizable Music on Hold	Electronic Hook Switch (EHS) support
Acoustic Fence	802.1X Authentication
Expansion Module Support	Better Together over Ethernet (BToE)

Polycom® VVX® 600, Skype for Business Edition

Enhance productivity and enrich collaboration with the ultimate one-touch desktop phone designed specifically for executives, managers and knowledge workers. With a larger color touch screen interface, Bluetooth headset support and Polycom® HD Voice™—experience the best that a phone for Skype for Business has to offer.

Features and Benefits

- Polycom® HD Voice™ quality with 14 kHz frequency response on all audio paths (speaker, handset, headset)
- Large 4.3” color touch screen display supporting up to 16 lines/keys
- Supports Bluetooth, USB wired and USB wireless headsets
- 2 x 10/100/1000 Ethernet ports (GigE)
- 2 x USB 2.0 host
- Green – low power consumption with built-in auto sensing IEEE 802.3at PoE (Class 4)
- Accessory support (expansion modules, video camera accessory)
- View your Microsoft Exchange Calendar, receive meeting alerts to join scheduled calls
- Check up to 15 of your Skype for Business “Favorites” presence status in color and instantly access contact cards for additional dialing options
- Add VVX Color Expansion Modules (up to 3 modules) to access even more contacts

Polycom® VVX® 500, Skype for Business Edition

With a color touch-screen interface, your Skype for Business user experience comes alive with features that are just a touch away. Experience crystal clear communications with Polycom® HD Voice™. Enhance your VVX 500 phone’s capabilities with options such as add-on color expansion modules and support for USB headsets.

Features and Benefits

- Polycom® HD Voice™ quality with 14 kHz frequency response on all audio paths (speaker, handset, headset)
- 3.5” (9-cm) color touch screen display supporting 12 lines/keys
- Supports USB wired and USB wireless headsets
- 2 x 10/100/1000 Ethernet ports (GigE)
- 2 x USB 2.0 host
- Green – low power consumption with built-in auto sensing IEEE 802.3at PoE (Class 4)
- Accessory support (expansion modules, video camera accessory)
- View your Microsoft Exchange Calendar, receive meeting alerts to join scheduled calls
- Check up to 11 of your Skype for Business “Favorites” presence status in color and instantly access contact cards for additional dialing options
- Add VVX Color Expansion Modules (up to 3 modules) to access even more contacts

Polycom® VVX® 400 and VVX 410, Skype for Business Edition

The VVX 400 and VVX 410 are mid-range color business media phones for today's office workers and call attendants delivering crystal clear communications. Features are easily accessed with button-based navigation. A color screen makes your Skype for Business favorites' presence status easy to view at a glance. The VVX 410 supports Gigabit Ethernet. The VVX 400 supports 10/100 Ethernet.

Features and Benefits

- Polycom® HD Voice™ quality with 7 kHz frequency response on all audio paths (speaker, handset, headset)
- 3.5" TFT (320 x 240) color display supporting 12 lines/keys
- 4-way navigation cluster with center "select" key
- Dedicated RJ-9 headset port
- VVX 410 model has 2 x 10/100/1000 Ethernet ports (GigE)
- VVX 400 model has 2 x 10/100 Ethernet ports
- PoE (Class 2)
- View your Microsoft Exchange Calendar, receive meeting alerts to join scheduled calls
- Check up to 11 of your Skype for Business "Favorites" presence status in color and instantly access contact cards for additional dialing options
- Add VVX Color Expansion Modules (up to 3 modules) to access even more contacts

Polycom® VVX® 300 and VVX 310, Skype for Business Edition

The VVX 300 and VVX 310 are simple but powerful business media phones for today's cubicle workers handling a low to moderate volume of calls. The VVX 310 supports Gigabit Ethernet. The VVX 300 supports 10/100 Ethernet.

Features and Benefits

- Polycom® HD Voice™ quality with 7 kHz frequency response on all audio paths (speaker, handset, headset)
- Backlit 8-level Grayscale graphical LCD (208 x 104) supporting 6 lines/keys
- 4-way navigation cluster with center "select" key
- Dedicated RJ-9 headset port
- VVX 310 model has 2 x 10/100/1000 Ethernet ports (GigE)
- VVX 300 model has 2 x 10/100 Ethernet ports
- PoE (Class 2)
- View your Microsoft Exchange Calendar, receive meeting alerts to join scheduled calls
- Check up to 5 of your Skype for Business "Favorites" presence status and instantly access contact cards for additional dialing options

Polycom® VVX® 201, Skype for Business Edition

The VVX 201 is an entry-level business media phone suitable for common areas, lobbies, break rooms, wall mounting in hallways, and for cubicle workers handling a low volume of calls. This entry level ‘always on’ phone enhances your communications options over just using a Skype for Business client with a headset.

Features and Benefits

- Polycom® HD Voice™ quality with 7 kHz frequency response on all audio paths (speaker, handset, headset)
- Monochrome backlit display (132 x 64) supporting 2 line keys
- 2 x Ethernet 10/100, PoE (Class 2)
- Hard Keys: 12-key dialpad, home, speaker, mute, headset, volume
- 4-way navigation cluster with center “select” key
- Supports Better Together over Ethernet (BToE) operation with Skype for Business client, just like our other VVX models

Polycom® VVX® Color Expansion Module

Attach the VVX Color Expansion Module to your VVX phone and monitor a large number of Skype for Business “favorites” and see their presence status. Instantly access your favorites contact cards with one press of the button for additional dialing options. Powered by attached phone, connect up to 3 expansion modules per phone. (Product ID: 2200-46350-025)

Features and Benefits

- 4.3” TFT (480 x 272) LCD screen
- 28 illuminated bi-color programmable line keys
- 3 Page View soft keys to access additional contacts

Polycom® RealPresence Trio™, Skype for Business Edition

Polycom RealPresence Trio is the world’s first smart hub for group collaboration—simple content sharing and tight integration of familiar business tools including Skype for Business, Microsoft Lync and RealPresence Desktop. Standards-based business-grade video when used with the optional Polycom RealPresence Trio Visual+ accessory. When ordered with “Skype for Business Edition” order codes, ending in “-019”, they come ready to install with Office 365 and Skype for Business right out of the box.

Features and Benefits

- Exceptional audio capabilities including: Enhanced HD Voice and automatic elimination of background noise with Polycom’s exclusive NoiseBlock
- Advanced call handling, security, and provisioning features (H.264 AVC, High Profile, Lync Basic SVC)
- Effortless pairing for audio over USB (wired), Bluetooth, NFC (wireless) and IP using PC-based soft clients, personal contacts or joining calendared events
- One-step-to-join meeting experience through calendar integration
- Broad Open SIP call platform for interoperability with most major platforms including Skype for Business, Lync and RealPresence Platform
- The industry’s only bass reflex port in a group audio conferencing solution, preserving the ability to hear lower frequency sound and rich multi-media audio 360° microphone coverage and up to 20-foot (6-meters) microphone pickup. Easily extend the reach with optional expansion microphones
- 5” LCD, color touch screen display, smooth, responsive and intuitive
- Secure Wi-Fi network connectivity or Gigabit Ethernet network connectivity
- Built-in Power over Ethernet (PoE)

Product ID	Description
2200-66070-019	RealPresence Trio 8800 IP conference phone, Skype for Business Edition; includes Polycom UCS Skype for Business License
2200-44500-019	RealPresence Trio 8800 Collaboration Kit; includes RealPresence Trio 8800 IP conference phone (Skype for Business Edition with Polycom UCS Skype for Business License), RealPresence Trio Visual+, Logitech C930e video camera, network cables, USB and HDMI cable (1.8m), VESA mount and 1 yr Partner Premier.

Optional AC Power Kits

VVX phones and RealPresence Trio are normally powered by Power over Ethernet (PoE) in most customer environments. You must order optional AC Power Kits separately if they are not powered by PoE. Order codes for power adapters vary by country. Please check with your channel or distributor to order any AC power adapters you may require.
